WELCOME

Welcome to the **USPSA / SIG SAUER 2Gun National Championship**. You will have your multigun skills tested on 12 courses designed by our Match Directors Jake Martens and Shannon Smith. Our competitors will need to preform with speed and accuracy through a variety of challenges to be named USPSA National Champion. All our staff want to provide you with a great experience, great competition, and an excellent match. We hope you make some new friends, enjoy your time here, and have a good match. Looking forward to meeting you on the range

THINK FAST

SPEED IS EVERYTHING

CASEY REED
USPSA Grand Master
USPSA 2018 National Champion

Cleaner burning propellant | Less muzzle rise | Eliminates fouling | Better knockdowns

Fly through stages with Syntech Action Pistol.

With less muzzle flip for faster follow-up shots and a bullet profile that transfers more knockdown to steel targets, Syntech Action Pistol® is built for speed. The polymer-encapsulated bullet eliminates metal fouling, and the Catalyst lead-free primer deals out the most consistent ignition in competition. Meets major or minor power factor requirements.

USPSA 2GUN NATIONALS MATCH BRIEFING

This is a USPSA Match being ran under the **USPSA Multgun Rules**. Click here for full rules.

SAFETY AREAS: Safe areas are provided for your use and there will be no gun handling of pistols at your vehicle. PCC's may be transferred safely from your automobile to carts as needed. You must have a chamber flag and it must be inserted prior to arriving at the range. The chamber flag must be inserted before shooting, and between stages. You may not sweep any person with the muzzle of a firearm at any time for any reason.

CARTS, BUGGIES AND ATV'S

PCC's are to be carried vertically muzzle up or down in a cart, buggy or ATV (conveyance) with a chamber flag inserted. If your PCC's are carried horizontally (laying on a red wagon for example) they must to be bagged. Most common practices are muzzle up in the back of a UTV/ATV or muzzle down at 45 degrees on a baby jogging stroller. If your PCC is racked in a motorized vehicle, you MAY remove your flagged PCC keeping the muzzle in whatever direction it's in (up or down) and proceed to the stage or to the staging area at your discretion. Same for replacing it. You do not need to be close to a berm to take these actions provided your muzzle stays in the same orientation the whole time. If your PCC is in a case, scabbard, or bag, or on a cart, you must uncase or uncart the PCC into a berm, without sweeping yourself or someone else. Please be as close to the berm as practical when doing so. The rules state within 6 feet.

COMING TO THE LINE:

In the interest of match flow we want the on-deck shooter to be as ready as possible. You MAY bring your gun(s) to the start position without RO direction when you are on deck. You may not stage them in a barrel, or on a table, or anything. You may bring your PCC to the line, flagged, muzzle up or down and wait for the Make Ready command. Example: PCC/Pistol stage as they are nearing the end of scoring you can and should be at the starting position with your unloaded pistol holstered and your flagged PCC muzzle up or down awaiting commands. This includes bringing said PCC off of your conveyance without direct supervision or direction.

• 10.5.4.3 – Bottom line, you may not sweep any person with the muzzle of a firearm at any time for any reason. Loaded, unloaded, flagged, not flagged. Common sense gun handling and also a rule.

• The match is a two-day format with 12 courses of fire. The range will be on two zones.

• The match is under USPSA Multigun Rules, the scoring is Time Plus. Please review the Multgun Rulebook.

• Time Plus is two anywhere or one alpha to neutralize the target. Total time to shoot the stage plus penalties.

• There is no major or minor, there is no chrono, but there will be falling steel.

• Stage WSB has minimum round count, which is considered one alpha and counts for two on paper. The minimum round count is 293. Round count with two per paper is 472. Please refer to WSB's for target breakdowns.

• Steel targets, falling and static, are optional for either handgun or PCC.

• USPSA cardboard are handgun only, IPSC cardboard are PCC only.

• Distance, all shots will be within 100 yards.

• Your handgun will determine your division. If you have optics then you will be in Open Division, iron sights are Limited Division.

• The other features of the handgun are outlined in the appendixes of the rulebook, specifically magazine size restrictions, i.e. Your 47 round Glock magazines can't go in your handgun, you will shoot for no score if that happens.

• Transitions between firearms will have you "dumping" one for the other in drop boxes or barrels.

• Slings will not be required

• Function fire/sight in bay will be located in Zone 1 next to Bay 6.

• Parking for all competitors will be across the road from the range office.

• ATV/Carts are allowed but will be required to park at the end of the Bay areas.

• Please ensure your USPSA membership is current before arriving to the Range.

THESE POLICIES ARE JUST AS IMPORTANT AS THE RULES. YOU ARE EXPECTED TO READ AND UNDERSTAND ALL THE CONTENTS OF THIS MATCH PUBLICATION.

Competitors need to report to their first stage prior to the start of first shots at 8:30am. Please allow time to check in before first shots.

COLD RANGE: The Cameo Shooting Complex is a cold range. Firearms will not be handled anywhere on the range except in designated safety areas or under the direct supervision of match staff. Handling handguns in parking areas is unsafe gun handling. PCC's may be transferred safely from your automobile to carts as needed. Chamber flags are required and must be inserted prior to arriving at the range, and between stages. You may not sweep any person with the muzzle of a firearm at any time for any reason.

SAFETY AREAS: The range is equipped with a number of safety areas to bag and holster guns, for dry fire practice and gun repair, etc. No ammunition may be handled in any safety area.

RULES: The match rules are found in the current edition of the USPSA Multigun Competition Rules.

OBEY YOUR RO'S: Range officers are here to assist you in completing a safe shooting contest. Please comply with their requests. Please bring any issues to the attention of one of the Range Masters.

SET STEEL AND TAPE TARGETS: Competitors are expected to stay together as a squad to tape, set steel, and help maintain efficiency on each stage.

LOST BRASS: All brass is donated to the staff.

ALCOHOL: Alcohol and recreational drugs may not be consumed anywhere on the range. Competitors violating this policy will be disqualified and asked to leave the range.

DRESSCODE: Practical shooting is a sport. The match director will be the final arbiter of dubious taste.

SCHEDULING: No competitor will compete for score on other than the scheduled dates (6.5.1). Occasionally, stages will clear squads early. If your entire squad is available and the CRO approves, the squad will be allowed to shoot ahead of schedule, but only on the scheduled date.

INSPECTION: When the entire squad is assembled, the written stage briefing will be read. This will be followed by an inspection and question period. Shooters may negotiate obstacles only during this inspection period or while the previous shooter's targets are being scored. Early inspection is permitted by the squad next scheduled to shoot a stage, providing that the previous squad is finished, you report to the range officer prior to inspection, and time permits.

RANGE OPENING: The range is closed to all competitors prior to the scheduled start time of the staff match June 9th Registration will start June 10th. Refer to the events schedule for times. The range will close each day at 6:30pm.

Competitors may inspect the stages when they are available, but may not activate, set, or reset any moving targets or activated props. Competitors are not allowed to inspect the stages until the range has been opened.

HAZARD AREAS: Orange cones and/or safety flagging may be used to restrict certain areas of the range. For safety reasons, competitors and spectators are prohibited from going past these markers without permission.

EYE AND HEARING PROTECTION:
All competitors and visitors must wear eye and hearing protection at all times while on the range. Eye protection is required to be worn by everyone while on the range. If you do not have adequate eye protection, please see the range master.

MATCH SCORING: The championship will use Practiscore. If you have scoring questions, contact the Range Master and Stats.

USPSA 2GUN NATIONALS
RANGE FACILITIES

REGISTRATION FOR THE SIG 2 GUN NATIONALS WILL BE NEXT TO BAY 7 IN ZONE 2. *(see event schedule for details)*

REST ROOMS: Portable toilets are located conveniently around the range.

FOOD SERVICE: Lunch will be provided. Water will be provided on the bays.

CLOSED RANGE: If the range is marked closed, and a barrier is across the range road, no competitors may enter the range for any reason. We will have access to the bathrooms, registration, and ammo pickup available and clearly marked. Any competitor on a closed range will be required to leave and may be subject to disqualification. Please obey the signs.

PARKING: Parking areas will be clearly marked on the range map. Competitors may only park in the competitor areas. Lock your car and take your valuables.

PERSONAL VEHICLES: Personal vehicles (i.e. motorized golf cart/UTV etc) are allowed. Carts and wagons are allowed. You must drive slowly and cautiously, and may not park anywhere but on the side of the range road, leaving clearance for staff vehicles at all times. Failure to comply will result in vehicle privileges being revoked.

SPECTATORS: Everyone must wear ear and eye protection while on the range. Climbing on berms is not allowed. Children must be under the direct supervision of a parent. If you need eye protection, please see a range master.

EXHIBITS/DEMO AREA: The U.S. Nationals Exhibits, featuring many different suppliers to our sport, will be in the sponsor tent at the range. Only sponsors of the U.S. National Championships are allowed display areas on the range. Please acknowledge and thank them for their generous support.

PRIZE TABLE/TROPHIES: Mock Trophies will be presented at the awards ceremony for photography opportunities and personalized trophies and medals will be shipped to recipients after the event. See schedule for times and location. Prizes will also be distributed after the awards ceremony. All prizes are distributed to competitors based on order of finish in each division.

ELIGIBILITY: The National Champion must be a U.S. citizen or a resident with a valid work permit (green card) and a current member of USPSA. Trophies/Plaques will be awarded based on the criteria in Appendix A2 of the current USPSA Multigun Rules. In a National Championship, there must be at least 10 competitors in a division and 5 in a category in that division for recognition. You must be a current USPSA member before the commencement of the match on June 4th in order to compete.

AMMO SHIPPING

Here is some information for shipping your ammunition for this years Nationals:

"Your Name"
Attn: Walt Proulx
C/O USPSA 2Gun Nationals
3934 I 9/10 Rd
Palisade, CO 81526
USPS does not deliver to this address. Only UPS/FedEx/DHL.

NOTE: DO NOT SHIP AMMUNITION BY THE UNITED STATES POSTAL SERVICE! IT IS A VIOLATION OF FEDERAL LAW TO DO SO, AND YOU WILL BE LIABLE FOR ANY LEGAL ISSUES. WE ARE CONSIDERING NOT RECEIVING ANY AMMO SHIPPED THROUGH THE POSTAL SERVICE, AND THEIR CARRIERS MAY DECLINE TO DELIVER IT. YOU MUST SHIP BY COMMERCIAL CARRIER, UPS OR FEDEX OR ANY OTHER CARRIER THAT WILL SHIP AMMO—NOT THE USPS.

1) Use a very sturdy box and lots of tape. Ammo is heavy and the carriers will not treat that box like a carton of eggs. Do not place ammo inside the box loose; use plastic or cardboard boxes with separators designed to hold ammuntion. That's usually a requirement for all commercial carriers. Place lots of padding around the ammo boxes. **DO NOT SHIP IT IN AN ENVELOPE**.

2) Put your name and name of the match on the outside of the box in bold letters, and covered with clear tape. Put it there in at least 3 different locations. In addition, insert a business card, or a small piece of paper inside the box with all of your contact information. Some boxes get damaged in shipment, making the outside illegible. The information inside will help determine who the owner is, and allow them to contact you should some of your ammunition be lost due to damaged packaging.

3) UPS/FedEx will ship ammo, ground only, only if it is properly marked with an Limited Quantities label. Be sure to package your ammo securely in boxes designed to hold ammunition, and use a sturdy box and **lots** of tape. Most UPS stores and FedEx Office will not accept ammo shipments; you can hand them to a route person, schedule a pickup, or take them to a UPS/FedEx depot/service center.

4) Ship your ammo in time for it to arrive prior to the match. It must go ground, per UPS and/or FedEx regulations, so give it time to get there. ***Again:*** **NO AMMO BY US POSTAL SERVICE**.

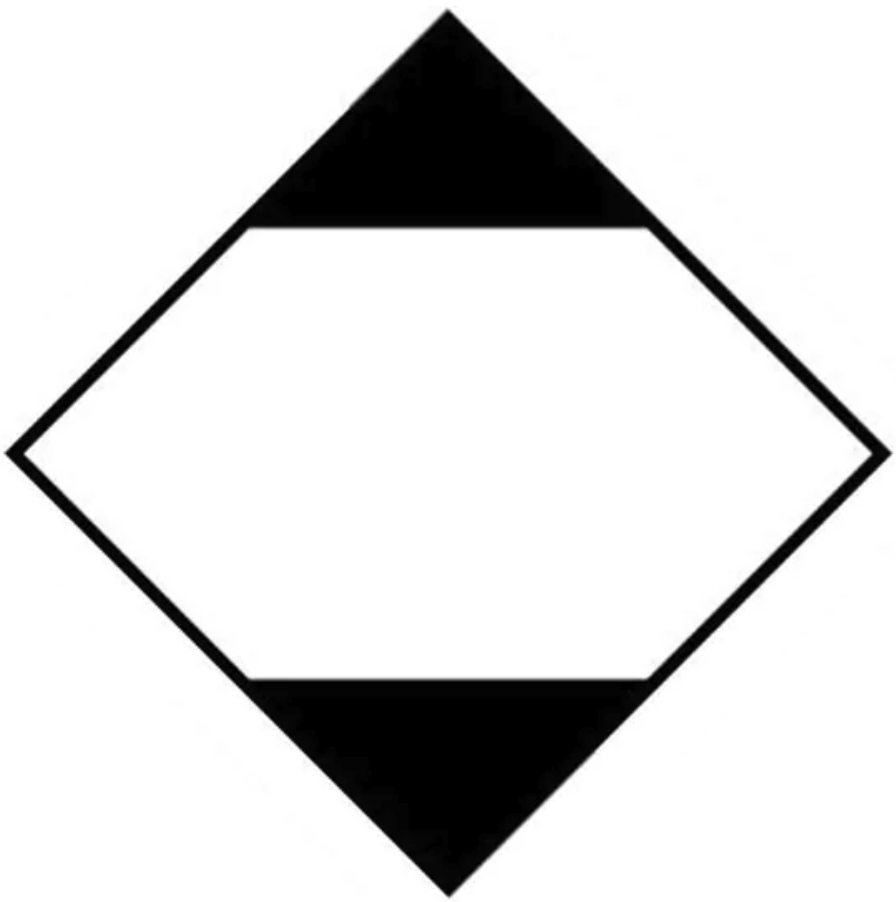

The folks at the range will collect your ammunition and store it until USPSA personnel are on the ground at the range. We (USPSA) will distribute it at or around registration or during the match. It will be better if you collect your ammunition during registration periods so that we can assure that we have people on hand to distribute it. You may be required to sign for any ammunition you pick up. If you want to collect your ammo at times other than registration, you may experience a delay in getting it until someone is free.

AMMO SHIPPING LABEL

Here are Limited Quantities labels that you can print and tape to your package along with mailing information:
