# STEEL CHALLENGE EVENT SCHEDULE

## TUESDAY

(daily schedule to be followed as closely as possible)

**8:00am** - Registration Opens for Practice and check in for match.

**9:00am** - Practice bays open for shooting.

**5:00pm** - Registration closes.

**5:00pm** - Practice bays close.

## WEDNESDAY-SATURDAY

(daily schedule to be followed as closely as possible)

**7:30am** - The CMP Range Opens.

**7:45am to 4:00pm** - Registration and Orientation at main CMP clubhouse. Orientation video will be played as often as possible to accommodate competitors checking in.

**9:00am** - Competition begins and practice bays open.

**1:00pm** - Lunch

**1:45pm** - Competition begins.

**5:00pm** - Practice bays close.

**6:00pm** - Competition ends.

## SUNDAY

(schedule to be followed as closely as possible)

**7:30am** - The CMP Range Opens.

**7:45am to 8:45am** - Registration and Orientation at main CMP clubhouse. Orientation video will be played as often as possible to accommodate competitors checking in.

**9:00am** - Competition begins.

**1:00pm** - Lunch

**1:45pm** - Competition begins.

**6:00pm** - Competition ends.

### Upon Event Completion -

Awards ceremony to be held at  
**The International Motorsports Hall of Fame**  
(3198 Speedway Blvd, Lincoln, AL 35096).

## CMP ORIENTATION

All competitors and spectators are required to have a current CMP card in their possession at all times while on the CMP property. If you don't have a card or if your card is expired please plan to get one as soon as you get to the range before checking in at the match registration desk. Everyone will be given a holder for the card. **Your CMP card must be worn while on the competition or practice bays and also will be checked daily by staff. This is a requirement of the range.**

## PRACTICE

If you plan to practice you must pre-register and pay for practice. We will not be accepting payment for practice at the match. We have setup a "match" on PractiScore so you can register and pay. Failure to take care of this in advance will cause delays before you can practice. Please register for practice using this link <https://practiscore.com/2025-wssc-practice/register>.

## PRACTICE BAYS

All 8 stages will be setup for Practice. Practice will run from 9:00am until 5:00pm. We reserve the right to close practice bays early if needed. Per Alabama range protection act we are prohibited from shooting prior to 9:00. The Practice bays will open Tuesday morning at 9:00. Competitors MUST have current CMP card before using the practice bays. You will be required to show your card to a range official working the practice bays.

## SHIPPING AMMO TO THE RANGE

Shipments must be sent to The CMP 4387 Turner Mill Road, Talladega, AL 35160. Everything needs to be to the attention of USPSA/WSSC. Make certain your name and USPSA number are clearly visible on the outside of the package. Also remember ammo must have the Limited Quantity label and be shipped by either FedEx or UPS.

## MATCH SHIRTS

Official match shirts can be ordered directly from Zero Sports Depot.

## STEEL CHALLENGE **AWARDS & PRIZES**

### RECOGNITION

The 2025 SCSA World Speed Shooting Championship will recognize divisions and categories per the SCSA Rules, Appendix A2. Per Appendix A2, divisions and classes must have 10 or more competitors, and categories must have 5 or more competitors (within each division), to be recognized. Only qualifying Division, Class, Category, and Special Awards will be presented.

### AWARDS

- Steel Master
- Rifle Master
- Rimfire Master
- Division Champions
- Division 2nd Place
- Division 3rd Place
- Class Winners
- Category Winners

### PRIZES

Cash prizes will be awarded to Steel Master, Rifle Master, Rimfire Master, and Division Winners. Winners of cash prizes will be issued vouchers and tax forms to claim their prize, which will be mailed to the address in their USPSA member profile.

Prize tables will be separated into three separate tables.

Competitors will walk a prize table for their best centerfire pistol placement by order of finish.

Competitors will walk a prize table for their best rimfire rifle or pistol placement by order of finish.

Competitors will walk a prize table for their best PCC placement by order of finish.

Competitors may only walk for their highest finish in each of the three groups.

## [ DIVISION SPECIFICATIONS & POLICIES ]

### DIVISION SPECIFICATIONS

All fourteen SCSA divisions are eligible for competition at this event. For division specific requirements please consult the SCSA rules (<https://scsa.org/rules>) we will be using the February 2025 edition of the rule book for this event.

### DISQUALIFICATION POLICY

Any competitor disqualified during the event will not be permitted to continue in the competition. This includes firearms scheduled for a later flight or the next day. Previously completed scores will remain as scored and the competitor remains eligible for awards and placement for those completed scores. Should a competitor have remaining slots registered in the event those slots are forfeited to USPSA to be resold or reassigned at their discretion.

## Hogue 10-22 Thumbhole Stocks

# THE PROOF IS IN THE PERFORMANCE.

### Cheek Weld

Integrated cheek weld for optical sights

### Free-Floating Forend

The forend is designed to free float on the barrel providing maximum accuracy.

### OverMolded™ Rubber

Constructed with a rigid fiberglass reinforced skeleton and completely OverMolded with Hogue's resilient elastomer rubber.

### Recoil Pad

Anti-snap heel recoil pad with rigid base plate and soft elastomer OverMold.

### Thumbhole

Comfortable thumbhole pistol grip design with ambidextrous palm swells and Cobblestone™ texture for a non-irritating secure grip.

**S3** RANGE  
CARTS

# STEEL CHALLENGE RANGE POLICIES

## EYE AND EAR PROTECTION

All people on the range property must wear eye and ear protection — no exceptions. If you do not have eye and ear protection of your own, earplugs and safety glasses are available at the registration table.

## COLD RANGE

All firearms on the range are to be unloaded and carried in a holster or case unless in a safety area, or at the specific command of a range officer on the line. There will be a designated area(s) for function firing and firearms handling.

## SQUAD SCHEDULE

The shooting schedule will be adhered to. If a contestant arrives after their designated squad has concluded shooting, they will either fire the stage with the last squad of the day or be put with a later squad. This will be subject to the discretion of the Match Officials. The shooter may NOT reassign themselves to other squads of their choice.

## PHOTOGRAPHIC RELEASE

By entering or attending the Steel Challenge, each participant authorizes unconditional use of his/her likeness, name and match results for purposes of advertising and promotion without compensation, consideration, notice, review or consent.

## PREPAREDNESS

Contestants are to go to the line prepared with the appropriate number of magazines, or speed loaders and needed ammunition, so as to not cause unnecessary delay. A contestant may have an assistant to help them in reloading magazines if needed.

## ROUND COUNT

Competitors may fire as many rounds as they deem necessary for each string of fire. There are a minimum of 195 shots fired for the eight stages.

## USE OF TENTS AND CANOPIES

There will be designated areas for function firing and firearms handling. The shaded holding area (canopy) at each stage is primarily for competitors. Friends and family members are allowed in this area only if not needed by competitors. Please respect the competitor's efforts by keeping the noise to a minimum. Anyone appearing to disturb a competitor's concentration will be asked to leave.

**SAFETY AREAS:** The range is equipped with a number of safety areas to bag and holster guns, for dry fire practice and gun repair, etc. No ammunition may be handled in any safety area.

**Parking Area:** Competitor parking area is designated on the map. Competitors are not allowed to park across the bridge area or next to the bays.

**RULES:** The match rules are found in the current edition of the USPSA Competition Rules (2025 SCSA Rules).

**OBEY YOUR RO:** Range officers are here to assist you in completing a safe shooting contest. Please comply with their requests. Please bring any issues to the attention of the Range Master.

**LOST BRASS:** All brass is donated to the staff.

**ALCOHOL:** Alcohol and recreational drugs may not be consumed anywhere on the range. Competitors violating this policy will be disqualified and asked to leave the range.

**DRESSCODE:** Practical shooting is a sport. The match director will be the final arbiter of dubious taste.

**REST ROOMS:** Portable toilets are located conveniently around the range.

**PARKING:** Parking areas will be clearly marked on the range map. Competitors may only park in the competitor areas. Lock your car and take your valuables.

**GUN HANDLING IN THE PARKING AREA IS PROHIBITED.**

**SPECTATORS:** Everyone must wear eye protection while on the range and hearing protection is strongly suggested. Climbing on berms is not allowed. Children must be under the direct supervision of a parent. If you need eye protection, please see a range master.

**LCD TIME DISPLAYS:** We plan to use LCD displays that show the time as recorded on the shot timer. In the event there is any discrepancy in the time displayed on the LCD and the time recorded on the shot timer the shot timer time takes precedence and will be used for scoring.

ADAM RENNO

BY JEFF JONES, L4679

**T**he 2024 World Speed Shooting Championship (WSSC) was held at the Talladega Marksmanship Park in Talladega, Alabama from May 29 through June 2 this year. I've attended every WSSC in Alabama, and this one ranked as one of the best. The crew got there on Sunday to get set up for the match; the stages were already on the ground, so some measuring and leveling was all that was needed to ensure the stages were at world-class layout. The crew also had to set up the WiFi network so the score

logging capability in PractiScore could be used.

If you haven't seen or used this, almost immediately after you hit "accept" on the pad, you receive an email with your stage scores. One other benefit is that you can then update PractiScore competitor to see the scores in the app. A new addition to the match was the AMG Labs timer and as the splits happen, you see the LCD Display update in real time. At the end, you see the final time for the string. Many spectators as well as competitors were excited to be able to see the string times without having to listen for them.

|------------|-------------------|-------|
| RFRO ..... | Jenna Larsen..... | 47.93 |
|------------|-------------------|-------|

The match was a little smaller this year, but those who made it to the match had a great time. While it's the same eight stages shot at local and Level 2 and 3 matches,

there's something about competing in the World Championship match that makes it more exciting. The dedicated staff of returning, and new, Range Officers worked tirelessly

throughout the week to run the competitors as efficiently and safely as possible. The bays looked just as good when the last shot of the match was fired as they did when the first shot was fired. Here's a division-by-division breakdown of the match.

## CARRY OPTICS (CO)

The 49 competitors in this division help set a new WSSC record for number of guns in this division. The 2023 champion BJ Norris was not able to make it to the match, so a new champion was to be crowned, and that champion was Sal Luna with a time of 83.29.

## IRON SIGHT REVOLVER (ISR)

This division just made the required 10 guns to award a division champion. The five-time returning champion Michael Poggie defended his title, but was beaten by this year's champion Mike Willoughby with a time of 103.72.

## LIMITED (LTD)

The Limited division has seen more competitors in the past, this year having 17 in the division. Sal Luna was defending his championship from last and again won it this year with a score of 89.06.

## OPEN (OPN)

The Open division has had a consistent number of competitors over the past few years. This year at 51 was slightly

GORKA IBANEZ

RICHARD STOKES

STEEL CHALLENGE / 2024  
LOOKING BACK

higher than the previous four years. The six-time champion KC Eusebio defended his title and won the division with a score of 76.13.

### OPTICAL SIGHT REVOLVER (OSR)

Optical Sight Revolver had 15 competitors this year and is one of the most dominated division by a single shooter. Michael Poggie hit the stages as the eight-time world champion and captured his ninth in a row with a score of 97.05.

### PISTOL CALIBER CARBINE IRON (PCCI)

This year the Pistol Caliber Carbine division tied its all-time record of shooters with 26 in the division. Returning four-time champion Chris Barrett was not at the match, so a new champion was to be awarded the championship. That honor went to Jesse Misco with a score of 53.49. This time is a new world record, crushing the old record of 57.47.

### PISTOL CALIBER CARBINE OPTICS (PCCO)

Historically one of the bigger divisions in the match, PCCO shooters didn't disappoint this year, with 118 guns in the division. Last year's winner Kenshiro Nagata was not at the match to defend, so your winner this year was Jesse Misco with a time of 52.11. Jesse's time was also a world record, crushing the old record of 56.66.

ASHER LUKKARINEN

GARY THIBODAUX

### PRODUCTION (PROD)

The Production division had 11 shooters competing, which means a world title was going to be awarded. Last year's champion BJ Norris was not at the match to defend his title from last year, so the winner and new champion was Sal Luna with a time of 88.15.

### RIMFIRE PISTOL IRON (RFPI)

Entries in Rimfire Pistol Iron have been up and down over the years. This

year's match was down a little with 27 entries. The past two champions, Neal Norman and Adam Renno, both competed but were beaten by this year's champion Lance Bratcher, Jr., with a score of 67.03.

### RIMFIRE PISTOL OPEN (RFPO)

Rimfire Pistol Open was third in number of guns by division with 100. Last year's champion Adam Renno was here to defend his title, but was beaten by Jesse Misco with a time of 59.20.

### RIMFIRE RIFLE IRON (RFRI)

Rimfire Rifle Iron had solid entries with 55, with five of the division records. Last year's champion Kenshiro Nagata was not at the match to defend his title, so the new champion was Jesse Misco with a time of 55.25

### RIMFIRE RIFLE OPEN (RFRO)

Oh, how this division has grown! In its first four years, it maxed at 50 entries; this year, it led the match with 149

BARBARA THIBODAUX

JEFF JONES

RANDALL MILLER

entries. Again, last year's champion Kenshiro Nagata was not able to defend his title after setting a world record last year; Jesse Misco put down a blazing 53.44 to win the title and set a new world record.

### SINGLE STACK (SS)

Single Stack is another division that is waning in entries, but this year there were 10, allowing a champion to be recognized. Last year's champion Maximus White was entered to defend his title, and he did with a score of 90.07.

## WORLD RECORDS

Every year I'm blown away at how people are getting faster and faster, and this year was no exception.

I would love to name everyone else who received an award in either a class or a category, but that would make this article too long. Congratulations to everyone who did receive an award. I

want to remind everyone that, with the slot policy in place, there will be over 100 slots awarded just from this match. If you couldn't make the match and your area hasn't had their championships yet (areas 1,2,6,7,8), I would get registered and shoot, and try to earn yourself a slot to next year's World Speed Shoot. Speaking of which, while no official contract has been signed at the time of the writing of this article, USPSA president Yee-Min reported at the members' meeting that contract negotiations are in process for next year's match. ■

## STEEL CHALLENGE / 2025 STAGES

Outer Limits will have three 4' x 4' shooting boxes. The shooter will start on their weak side shooting box and will engage the 20 and 35 yard plates on the weak side of the center line, move to the middle shooting box and engage the remaining two plates and stop plate. The distance between each of the three boxes will be 6'. Note: Only two of the three boxes will be used by each shooter. Depending on whether you are right or left handed, you will begin in the appropriate outside box and finish in the middle box.

# **AMMO SHIPPING**

Here's some information for shipping your ammunition to **CMP Talladega**

Shipping location:

**"Your Name"**

**Steel Challenge/WSSC**

4387 Turner Mill Rd,

Talladega, AL 35160

(706) 346-6469

***NOTE: DO NOT SHIP AMMUNITION BY THE UNITED STATES POSTAL SERVICE! IT IS A VIOLATION OF FEDERAL LAW TO DO SO, AND YOU WILL BE LIABLE FOR ANY LEGAL ISSUES. WE ARE CONSIDERING NOT RECEIVING ANY AMMO SHIPPED THROUGH THE POSTAL SERVICE, AND THEIR CARRIERS MAY DECLINE TO DELIVER IT. YOU MUST SHIP BY COMMERCIAL CARRIER, UPS OR FEDEX OR ANY OTHER CARRIER THAT WILL SHIP AMMO—NOT THE USPS.***

1) Use a very sturdy box and lots of tape. Ammo is heavy and the carriers will not treat that box like a carton of eggs. Do not place ammo inside the box loose; use plastic or cardboard boxes with separators designed to hold ammunition. That's usually a requirement for all commercial carriers. Place lots of padding around the ammo boxes. **DO NOT SHIP IT IN AN ENVELOPE.**

2) Put **YOUR** name and "Steel Challenge/WSSC" on the outside of the box, in big, **bold** letters, and covered with clear tape. *Put it there in at least 3 different locations.* In addition, insert a business card, or a small piece of paper inside the box with all of your contact information. Some boxes get damaged in shipment, making the outside illegible. The information inside will help determine who the owner is, and allow them to contact you should some of your ammunition be lost due to damaged packaging.

3) UPS/FedEx will ship ammo, ground only, if it's properly marked with an ORM-D Label. Be sure to package your ammo securely in boxes designed to hold ammunition, and use a sturdy box and lots of tape. Most UPS stores and FedEx Office will not accept ammo shipments; you can hand them to a route person, schedule a pickup, or take them to a UPS/FedEx depot/service center.

4) Ship your ammo in time for it to arrive prior to the match. It must go ground, per **UPS** and/or **FedEx** regulations, so give it time to get there. Again: **NO AMMO BY US POSTAL SERVICE.**

The folks at CMP Marksmanship Park will collect your ammunition and store it until USPSA personnel are on the ground at the range. We (USPSA) will distribute it at or around registration or during the match. It will be better if you collect your ammunition during registration periods so that we can assure that we have people on hand to distribute it. You may be required to sign for any ammunition you pick up. If you want to collect your ammo at times other than registration, you may experience a delay in getting it until someone is free.

# ***AMMO SHIPPING LABEL***

*Here are ORM-D labels that you can print and tape to your package along with mailing information:*

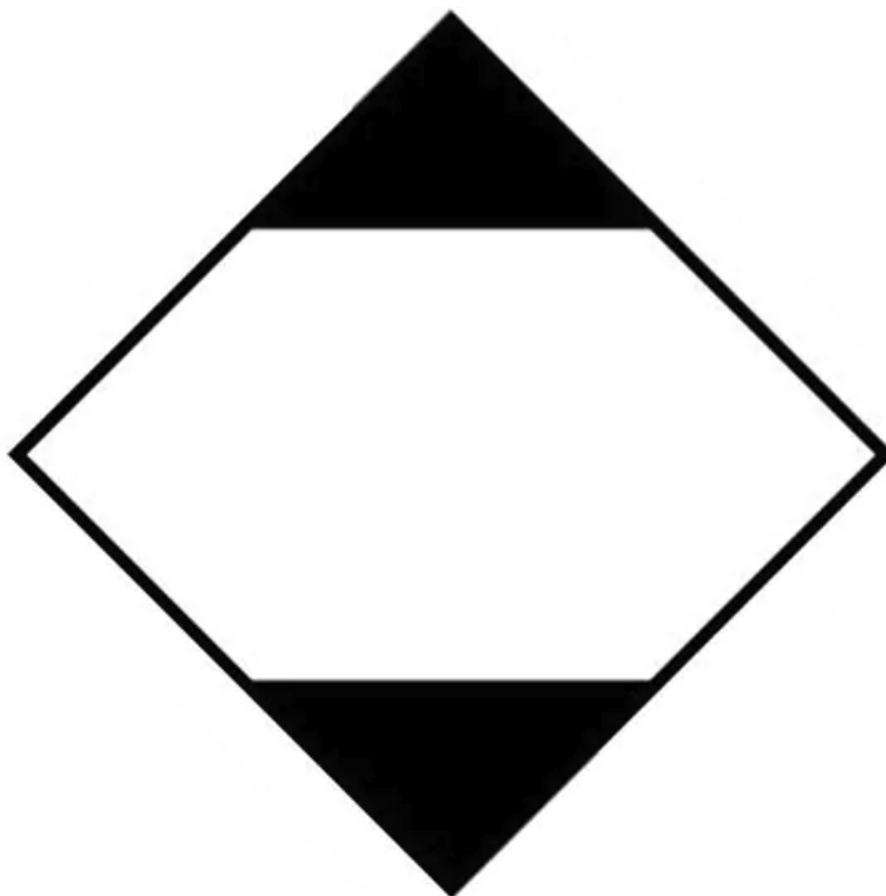

**TO:** \_\_\_\_\_

**Steel Challenge/WSSC**

**4387 Turner Mill Rd,**
