STEEL CHALLENGE EVENT SCHEDULE

TUESDAY

(daily schedule to be followed as closely as possible)

8:00am - Registration Opens for Practice and check in for match.

9:00am - Practice bays open for shooting.

5:00pm - Registration closes.

5:00pm - Practice bays close.

WEDNESDAY - SATURDAY

(daily schedule to be followed as closely as possible)

7:30am - The CMP Range Opens.

7:45am to 8:45am - Registration and Orientation at main CMP clubhouse. Orientation video will be played as often as possible to accommodate competitors checking in.

9:00am - Competition begins and practice bays open.

1:00pm - Lunch

1:45pm - Competition begins.

6:00pm - Competition ends and practice bays closed.

SUNDAY

(schedule to be followed as closely as possible)

7:30am - The CMP Range Opens.

7:45am to 8:45am - Registration and Orientation at main CMP clubhouse. Orientation video will be played as often as possible to accommodate competitors checking in.

9:00am - Competition begins.

1:00pm - Lunch

1:45pm - Competition begins.

6:00pm - Competition ends.

Upon Event Completion - Awards ceremony are to be held.

CMP ORIENTATION

Unless you have a current (cards are good for one year from the date issued) CMP orientation card you **MUST** complete an application and attend a brief orientation session. To save some time download the forms in advance (www.thecmp.org/competitions/forms). For competitors over 18 complete the CMP Affidavit form. **DO NOT SIGN / NOTARIZE THE FORM!** This will be handled at the CMP. For competitors under 18 the CMP Parent Consent form must be filled out. We are currently working with CMP staff to set a schedule for orientation sessions. We can not stress enough that this is a 100% must complete requirement. You must present your orientation card during check-in for the match. **EVERYONE ENTERING THE CLUBHOUSE IS REQUIRED TO WEAR A FACIAL COVERING.**

PRACTICE

If you plan to practice you must pre-register and pay for practice. We will not be accepting payment for practice at the match. We have setup a "match" on PractiScore so you can register and pay. Failure to take care of this in advance will cause delays before you can practice. Please register for practice using this link (<https://practiscore.com/2021-wssc-practice/register>).

PRACTICE BAYS

All 8 stages will be setup for Practice. Practice will run from 9:00 until approximately 6:00. We reserve the right to close practice bays early if needed. Per Alabama range protection act we are prohibited from shooting prior to 9:00. The Practice bays will open Tuesday morning at 9:00. Competitors **MUST** have current CMP card before using the practice bays. You will be required to show your card to a range official working the practice bays.

SHIPPING AMMO TO THE RANGE

Shipments must be sent to The CMP 4387 Turner Mill Road, Talladega, AL 35160. Everything needs to be to the attention of J.L. Hardy. Make certain your name and USPSA number are clearly visible on the outside of the package. Also remember ammo must have the Limited Quantity label and be shipped by either FedEx or UPS.

MATCH SHIRTS

Official match shirts can be ordered directly from Techwear USA (<https://uspsa.to/WSSC>).

STEEL CHALLENGE AWARDS & PRIZES

RECOGNITION

The 2021 SCSA World Speed Shooting Championship will recognize divisions and categories per the SCSA Rules, Appendix F2. Per Appendix F2, divisions and classes must have 10 or more competitors, and categories must have 5 or more competitors (within each division), to be recognized. Only qualifying Division, Class, Category, and Special Awards will be presented.

AWARDS

- Steel Master
- Rifle Master
- Rimfire Master
- Division Champions
- Division 2nd Place
- Division 3rd Place
- Class Winners
- Category Winners

PRIZES

Cash prizes will be awarded to Steel Master, Rifle Master, Rimfire Master, and Division Winners. Winners of cash prizes will be issued vouchers and tax forms to claim their prize, which will be mailed to the address in their USPSA member profile.

Prize tables will be separated into three separate tables.

Competitors will walk a prize table for their best centerfire pistol placement by order of finish.

Competitors will walk a prize table for their best rimfire rifle or pistol placement by order of finish.

Competitors will walk a prize table for their best PCC placement by order of finish.

Competitors may only walk for their highest finish in each of the three groups.

PRIZE TABLE PROXY

If you will not be present during the awards ceremony another competitor may walk on your behalf. Your proxy must be assigned in advance by completing a proxy form available during registration.

[DIVISION SPECIFICATIONS & POLICIES]

DIVISION SPECIFICATIONS

All thirteen SCSA divisions are eligible for competition at this event. For division specific requirements please consult the SCSA rules (<https://scsa.org/rules>) we will be using the March 2021 edition of the rule book for this event.

DISQUALIFICATION POLICY

Any competitor disqualified during the event will not be permitted to continue in the competition. This includes firearms scheduled for a later flight or the next day. Previously completed scores will remain as scored and the competitor remains eligible for awards and placement for those completed scores.

THINK FAST

SPEED IS EVERYTHING

CASEY REED

USPSA Grand Master

Cleaner burning
propellant

Less
muzzle rise

Eliminates
fouling

Better
knockdowns

Fly through stages with Syntech Action Pistol.

With less muzzle flip for faster follow-up shots and a bullet profile that transfers more knockdown to steel targets, Syntech Action Pistol® is built for speed. The polymer-encapsulated bullet eliminates metal fouling, and the Catalyst lead-free primer deals out the most consistent ignition in competition. Meets major or minor power factor requirements.

STEEL CHALLENGE RANGE POLICIES

EYE AND EAR PROTECTION

All people on the range property must wear eye and ear protection — no exceptions. If you do not have eye and ear protection of your own, earplugs and safety glasses are available at the registration table.

COLD RANGE

All firearms on the range are to be unloaded and carried in a holster or case unless in a safety area, or at the specific command of a range officer on the line. There will be a designated area(s) for function firing and firearms handling.

SQUAD SCHEDULE

The shooting schedule will be adhered to. If a contestant arrives after their designated squad has concluded shooting, they will either fire the stage with the last squad of the day or be put with a later squad. This will be subject to the discretion of the Match Officials. The shooter may NOT reassign themselves to other squads of their choice.

PHOTOGRAPHIC RELEASE

By entering or attending the Steel Challenge, each participant authorizes unconditional use of his/her likeness, name and match results for purposes of advertising and promotion without compensation, consideration, notice, review or consent.

PREPAREDNESS

Contestants are to go to the line prepared with the appropriate number of magazines, or speed loaders and needed ammunition, so as to not cause unnecessary delay. A contestant may have an assistant to help them in reloading if needed.

ROUND COUNT

Competitors may fire as many rounds as they deem necessary for each string of fire. There are a minimum of 195 shots fired for the eight stages.

USE OF TENTS AND CANOPIES

There will be designated areas for function firing and firearms handling. The shaded holding area (canopy) at each stage is primarily for competitors. Friends and family members are allowed in this area only if not needed by competitors. Please respect the competitor's efforts by keeping the noise to a minimum. Anyone appearing to disturb a competitor's concentration will be asked to leave.

SAFETY AREAS: The range is equipped with a number of safety areas to bag and holster guns, for dry fire practice and gun repair, etc. No ammunition may be handled in any safety area.

Parking Area: Competitor parking area is designated on the map. Competitors are not allowed to park across the bridge area or next to the bays.

RULES: The match rules are found in the current edition of the USPSA Competition Rules (2021 SCSA Rules).

Social Distancing/COVID-19: We have been advised that behavioral risk mitigation strategies are the best option for slowing the spread of this disease, and the Centers for Disease Control and Prevention (CDC) have published recommendations and guidelines for mass gatherings which can be found here: <https://www.cdc.gov/coronavirus/2019-ncov/community/large-events/mass-gatherings-ready-for-covid-19.html>

OBEY YOUR RO: Range officers are here to assist you in completing a safe shooting contest. Please comply with their requests. Please bring any issues to the attention of the Range Master.

LOST BRASS: All brass is donated to the staff.

ALCOHOL: Alcohol and recreational drugs may not be consumed anywhere on the range. Competitors violating this policy will be disqualified and asked to leave the range.

DRESSCODE: Practical shooting is a sport. The match director will be the final arbiter of dubious taste.

REST ROOMS: Portable toilets are located conveniently around the range.

PARKING: Parking areas will be clearly marked on the range map. Competitors may only park in the competitor areas. Lock your car and take your valuables.

GUN HANDLING IN THE PARKING AREA IS PROHIBITED.

SPECTATORS: Everyone must wear eye protection while on the range and hearing protection is strongly suggested. Climbing on berms is not allowed. Children must be under the direct supervision of a parent. If you need eye protection, please see a range master.

LOOKING BACK TO THE 2020 WORLD SPEED SHOOTING CHAMPIONSHIPS

BY STEVE FOSTER, A75125

Records fell like dominos at the 2020 World Speed Shooting Championships held at the Civilian Marksmanship Program (CMP) Talladega Marksmanship Park in Talladega, Alabama starting on Wednesday September 23rd and concluding on Sunday September 27th. Steel Challenge reinforced its reputation as the “drag-racing” discipline of the action shooting sports, with all 13 divisions represented across all eight stages of fire. With a grand total of 104 possible division and stage world records, 38 became new benchmarks of the fastest of the fast. That’s over one-third of all division and stage times! Some familiar names came out on top, and there were first time World Champions crowned!

Before we get to the results of the match, if you have never attended an event at the CMP Talladega Marksmanship Park, you need to look at the calendar and find an event in your discipline to attend. This is a state of the art shooting facility with a breathtaking clubhouse. The team at the facility is part of the shooting family, so they tailor their customer service to the competitors. Be prepared to shoot your event, but this is a shooting destination, so do some research and bring some other guns to take advantage of what the facility has to offer. Mike Foley and Jake Martens shared at the match that the World Speed Shooting Championships will be held at the same location for the next three

Single Stack - Gorka Ibanez

years, with the next match being held April 14th through April 18th.

The team at the CMP aided in setting up the MGM targets with the help of the USPSA leadership team, laser-leveling every single target to the exact height and dimensions. After all, if world records are going to be recorded, the stages have to be exactly the same and perfect for the competitors. The shooting conditions for the match were ideal, with most days being partly cloudy with temperatures in the high 70s and low 80s – a stark contrast to the match held two weeks prior. A welcomed enhancement of the match was a newly created “Vendor City”, which was located in the middle of the stages. Every competitor was afforded the opportunity to stop by one of the vendors who donated to the match. It was a great break from the match to shoot a fully automatic .22LR.

In the modern Steel Challenge era with eight stages and 13 divisions, there is one inconceivable goal many have chased after for years, and that is breaking 60 seconds in a match. The 2019 World Speed Shooting Championships was an indication the competitiveness in the sport was enabling this once unimaginable goal to be realized, with Kolby Pavlock scoring a 60.61 in Rimfire Pistol Open. In previous years, KC Eusebio and Max Michel logged similar times, getting close to breaking the barrier to get into the 50's. There were promises this time would fall with three competitors logging sub-60-second times earlier in the 2020 shooting season, but could it actually be done on the biggest stage for Steel Challenge? The answer was absolutely! Five competitors shot six times under 60 seconds; the list of competitors, respective division, and times are:

Chris Barrett
Rimfire Rifle Open – 56.57

Grant Kunkel
Rimfire Rifle Open – 57.52

Nate Gibson
Rimfire Rifle Open – 58.17

KC Eusebio
Rimfire Pistol Open – 58.43

Cole Busch
Rimfire Rifle Iron – 58.86

Chris Barrett
Pistol Caliber Carbine Iron – 59.48

Byran Porter

Jason Spradling

At the 2016 World Speed Shooting Championships, there was only one person who shot in the 60's; this was the legendary pistol shooter Max Michel. All other times were 70.x and over. At the 2020 World Speed Shooting Championships the top 46 times were in the 60's. As the popularity of the sport has increased, so has the desire for the competitors to be named the fastest in the country in their respective divisions. In 2020 we saw the first times shot in the 50's, with Chris Barrett's time of 56.57 being the fastest time ever shot in any Steel Challenge match, let alone the World Speed Shooting Championships. How much faster will this sport get in the next 12 months? Is a 54 possible? Will we see times in the 40's at some point? As long as the competition grows, there will be those of us who will continue to put in the time to be the fastest.

The five days of shooting concluded with 630 guns shooting for score. Prior to the awards ceremony and prize table, there was a buffet-style meal served inside the facility with abundant seating outside as the sun set on

the match. The appropriately timed awards ceremony was facilitated by Mike Foley with Troy McManus congratulating everyone on their achievements. Competitors then had their pictures taken to memorialize their achievements. Shortly after, a well-run prize table process was facilitated by Jeff Jones.

The real story from the match is the dominance from the younger generation of shooters who have cemented their names in the history books as World Champions. Twenty of the top 22 placements are 21 years of age or younger. Chris Barrett won an impressive 4 world titles. Emily Cunningham won multi-Ladies Titles. Cole Busch took top honors in Rimfire Rifle Iron. Ethan Inocando won the prestigious title of Steel Master. Neal Norman is now a World Champion in Rimfire Pistol Iron. How cool must it be to tell your friends at school you are a World Champion?

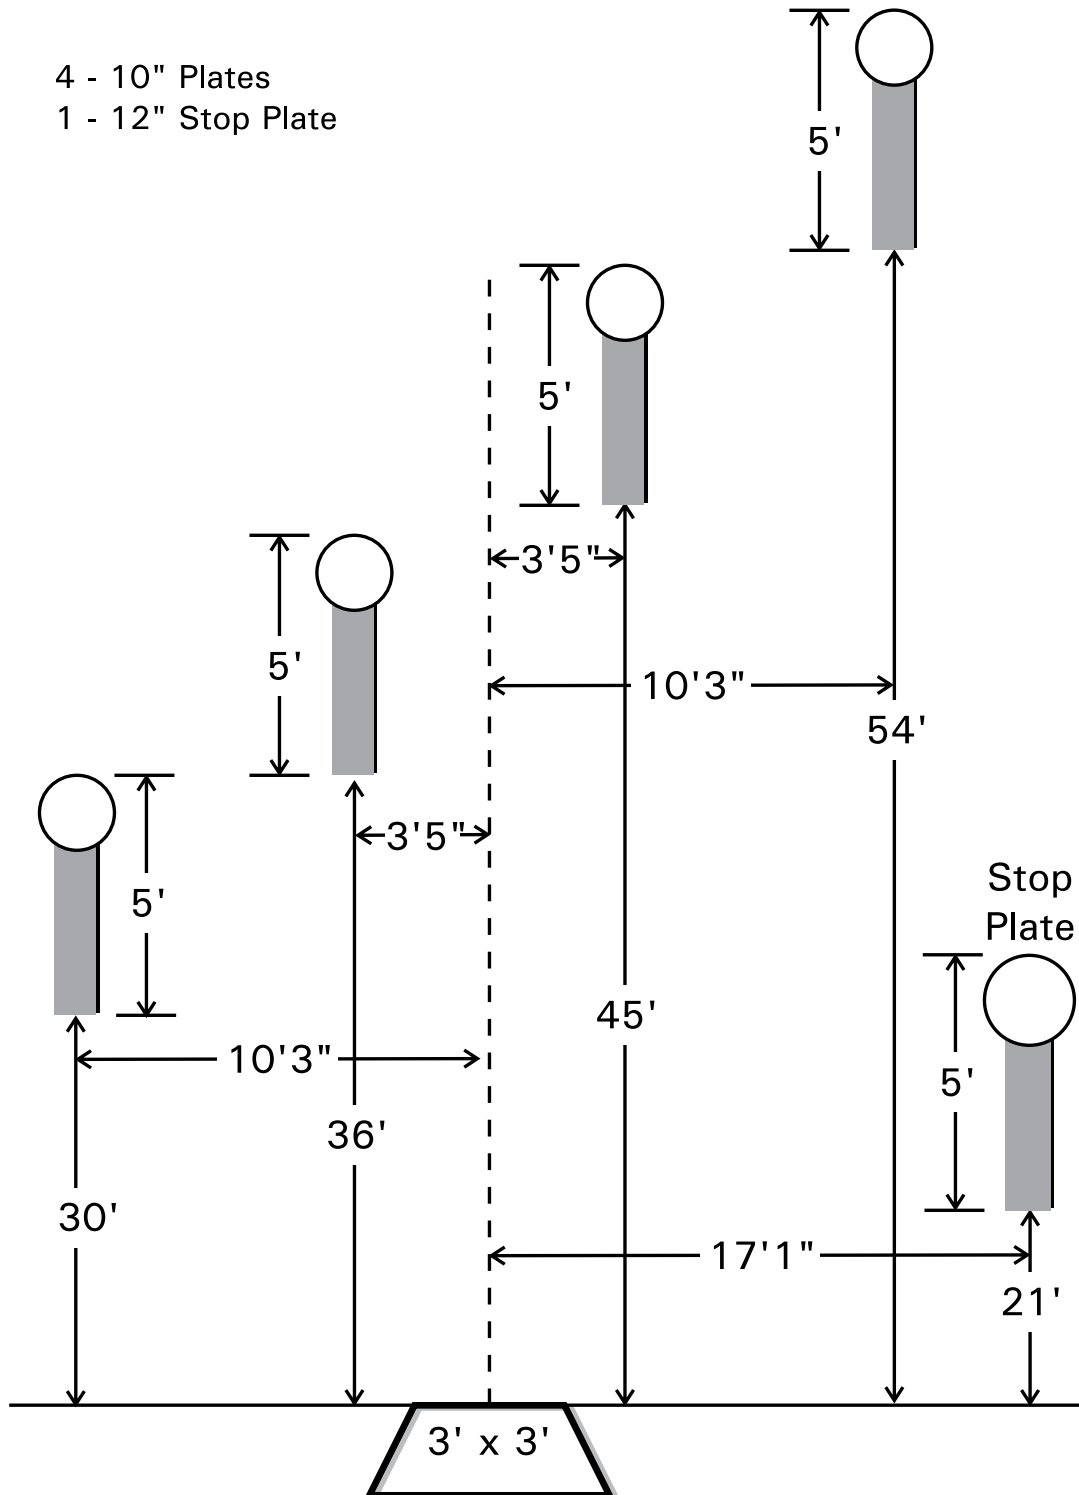

If you are looking for a family-friendly action shooting sport to try, grab your gear and head to your local Steel Challenge match. Who knows, maybe you will find a passion for the game and you, too, will become a World Champion! ■

COMPETITION PRIMED. COMPETITIVELY PRICED.

Meet the all-new TaurusTX™ 22 Competition—a custom-tuned mod of our award-winning polymer sporting pistol. This full-size, semi-auto rimfire is painstakingly re-engineered to meet your most rigorous performance demands. The upgraded, red dot optics-ready slide and 5" threaded Bull Barrel assembly brings match-grade accuracy and versatility to any shooting discipline. Giving today's competitive shooters the unique opportunity to shatter records without breaking the bank. As always, peace of mind comes standard with our Limited Lifetime Warranty and industry leading customer service.

Leupold® DeltaPoint Pro not included.
